**Box weight:** 21.0 (Kg)

**Boxes Per Pallet:** 21

\*Average lead time based on MOQ, subject to stock availability and production capacity. Lead time starts from approval of artwork

### Branding and artwork guidelines

Print	Position	Print Area (mm)	Type
1	Front - Pad	10 x 10	PAD
2	Front - Domed	20 dia	PROCESS

### Print Guidelines

**Maximum print colours:** 1

Any print colours should be checked to see if they will show correctly, and black print should be avoided on the blue product as it does not show very clearly.

Printing multi-colour on a coloured item will require a white underprint and 'trap', which may leave very small text/fine detail unclear. Pantone matches aren't possible with digital print.

### Fine detail

Fine detail should be avoided. Lines/detail should be no thinner than 0.3mm.

### Fill In

Filled areas with detail reversed out are at risk of filling in. Detail should be no thinner than 0.3mm
