Branding and artwork guidelines

Print	Position	Print Area (mm)	Type
1	Front	240 x 240	SCREEN
2	Back	240 x 240	SCREEN

Print Guidelines

Maximum Print Colours: 1

Any print colours should be checked to see if they will show correctly, and black print should be avoided on the darker products as it does not show very clearly.

Text

Any text should be a minimum of 12 points.

Fine detail

Fine detail should be avoided. Lines/detail should be no thinner than 0.5mm.

Fill In

Filled areas with detail reversed out are at risk of filling in. Detail should be no thinner than 1mm

Small area

For the best result, ensure the design makes use of the full size and shape of this print area e.g. re-arrange a square to fill a rectangle if possible to keep everything clearer.

*Average lead time based on MOQ, subject to stock availability and production capacity. Lead time starts from approval of artwork
