Pantone colours should be checked for printing as this product affects some, and an exact match can't be guaranteed. Black/dark print should be avoided on the darker bags as it is difficult to see the print on this product.

### Fill In

Filled areas with detail reversed out are at risk of filling in. Detail should be no thinner than 0.3mm

### Matt print

Due to the nature of the product it is very difficult to get an exact coated Pantone match. The finish will be more matt.
